Local Law Filing Instructions

New York State Department of State
Division of Corporations, State Records and Uniform Commercial Code
One Commerce Plaza, 99 Washington Avenue
Albany, NY 12231-0001
www.dos.ny.gov

PLEASE OBSERVE THESE INSTRUCTIONS FOR FILING LOCAL LAWS WITH THE SECRETARY OF STATE

1. Each local law shall be filed with the Secretary of State within 20 days after its final adoption or approval as required by section 27 of the Municipal Home Rule Law. The cited statute provides that a local law shall not become effective before it is filed in the office of the Secretary of State.
2. Each local law to be filed with the Secretary of State shall be an original certified copy.
3. Each local law shall be filed on a form provided by the Department of State. If additional pages are required, they must be the same size as the form. Typewritten copies of the text may be attached to the form. Only legible copies will be accepted.
4. File only the number, title and text of the local law.
5. In the case of a local law amending a previously enacted local law, the text must be that of the law as amended. Do not include any matter in brackets, with a line through it, italicized or underscored to indicate the changes made. The printed number of the bill and explanatory matter must be omitted.
6. For the purpose of filing a local law with the Department of State, number each local law consecutively, beginning with the number one for the first local law filed in each calendar year. The next number in sequence should be applied to each local law when it is submitted for filing, regardless of its date of introduction or adoption. The date of filing of a local law is the date on which the local law is placed on file by the Department.

It is suggested that municipalities use introductory identifying bill numbers for proposed local laws. After the local law is enacted (and approved by the voters, if required), the local law should then be numbered with the next consecutive local law number, as described above, and then submitted to the Department for filing.

7. Each copy of a local law filed with the Secretary of State shall have affixed to it a certification by the Clerk of the County legislative body or the City, Town or Village Clerk or other officer designated by the local legislative body. Certification forms are provided herewith.
8. A copy of each local law may be mailed or delivered to:
NYS Department of State
Division of Corporations, State Records and Uniform Commercial Code
One Commerce Plaza, 99 Washington Avenue
Albany, NY 12231.

(DO NOT FILE THIS INSTRUCTION SHEET WITH THE LOCAL LAW.)

Section 1. Title

The title of this local law shall be "A Local Law Amending Chapter 174 - Sewer Regulations."

Section 2. Amendment to Chapter 174, Section 174-40(F).

Chapter 174, Section 174-40(F) of the Town Code of the Town of Schodack is amended to read as follows:

Commercial property owners with grinder pump tanks receiving public sewer service shall have the grinder pump tank annually cleaned by a professional septic pumping service company and shall provide the Town with written confirmation of the completed service. A commercial property owner which fails to provide the Town with the required annual written certification may be subject to the penalties set forth in Section 174-60. In addition, if the infiltration of unacceptable waste into the public sewer system persists, the Town may in its discretion either (i) require the construction and installation of a septic tank on the property before the grinder pump tank, at the property owner's sole expense, to prevent solids from entering the public sewer system, or (ii) disconnect the property from the public sewer system."

(If additional space is needed, attach pages the same size as this sheet, and number each.)

Section 3. Amendment to Chapter 174, Section 174-60.

We have also handled Recycling Events with the Town of Providence and Guilderland City Schools.

EXPERIENCE

An example of how we operate within the City of Troy: We handle their recycling from an assigned facility, along with other locations within the city. In addition, we also manage and handle all recycling events, scrap metal, and other assigned tasks. When requested, using one of box trucks, the materials are removed and transported back to our facility. From there, materials are processed and assigned to our downstream vendors.

When they have other projects or needs we schedule the earliest available appointment. We meet at the instructed location, coordinate what needs to be done, and carry out the appointment. Invoices detailing materials taken away or work performed are emailed to the City of Troy for payment or credit to the city.

For recycling events, we coordinate the date with the city and all acceptable materials residents may bring down. Using our own staff, trucks and tools, all materials are collected and hauled off site to our warehouse for processing.

Our warehouse has a front office for walk in customers and a back warehouse with a dock height overhead door. Located inside is a floor scale, properly calibrated at all times, where we weigh materials. All materials are processed and staged for shipment to downstream vendors. We have all tools necessary to do so, including but not limited to pallet jacks, hand tools, hand carts and

safety equipment. Any and all hired or contracted help are (and will be) well versed in safety procedures, operating procedures, proper handling of materials and tools, as well as the privacy/security of all accounts, customers and materials.

Our process for a recycling event or household hazardous waste collection differs with each account. We have customers who prefer we be there on that day with our employees and trucks to receive and charge the residents for items they are dropping. Others prefer to collect all materials, have us pickup and process the materials and send payment when concluded. That can be discussed upon time of scheduling as to which method you prefer.

*Summertime is our busiest time and we do have events and out of town contracts to service that have been scheduled in advance. Unfortunately the weekend of JULY 30th 2022, we will not be available for same day pickup of materials. We would, however, be available to following Monday August 1st 2022.

PRICING

Pricing is based on pounds of material collected. There is a nominal handling fee for televisions, monitors and broken glass. Computers and like items are priced out and paid to the City. Any miscellaneous small electronic equipment (VCR, DVD, Mp3, iPod, video consoles, phones as well as cables and cords attached) and Non CRT computer peripherals (printers, fax machines, keyboards, mice and attached cables) are neither paid for nor charged a handling fee:

(SCHODACK POLICE DEPARTMENT)**

AND

ALLEN ROEHR

This Memorandum of Agreement by and between the Town of Schodack ("Town") and United Public Service Employees' Union ("UPSEU") and Allen Roehr (hereinafter "Officer Roehr") shall set forth the parties' agreement relating to the change of status of Officer Roehr from a full-time officer of the Schodack Police Department to a part-time police officer.

The parties recognize that Officer Roehr is resigning from his full-time position as a police officer with the Town for personal reasons. The parties also recognize that Officer Roehr will be hired by the Department on part-time officer basis.

The parties recognize that while employed as a full-time officer of the Department, Officer Roehr was one of the Department's full-time officers assigned as a Cause and Origin Investigator.

The parties recognize that the Town spent a significant amount in having Officer Roehr trained for the Cause and Origin Investigator position, as well as a significant amount of time provided to Officer Roehr in such training.

Accordingly, the parties agree that Officer Roehr as a part-time police officer in the Department, will continue to be a Cause and Origin Investigator at least until such time as the Department can get a full-time police officer fully trained in the Cause and Origin duties and responsibilities within the Department.

This agreement between the parties' will be non-precedential.

AND

MATTHEW MONTROSS

This Memorandum of Agreement by and between the Town of Schodack ("Town") and United Public Service Employees' Union ("UPSEU") and Matthew Montross (hereinafter "Officer Montross") shall set forth the parties' agreement relating to Officer Montross's seniority and vacation benefits upon his being rehired by the Town effective June 28, 2021.

Officer Montross was previously employed by the Town. Officer Montross resigned from the Police Department on July 14, 2020.

Upon his rehiring by the police department effective June 28, 2021, Officer Montross will have his seniority start anew from his rehire date of June 28, 2021. In other words, Officer Montross will not be given credit for seniority purposes or benefit accruals based on his prior employment in the Police Department, as Officer Montross resigned from his previous employment with the Department, as opposed to having been on an approved leave of absence. Accordingly his seniority will start anew upon his rehire by the Town. Consequently, any provisions relating to seniority (such as seniority selection, overtime assignments, etc.) will be implemented using Officer Montross's new seniority date of June 28, 2021.

The parties note that Articles 3.11 of the Collective Bargaining Agreement addresses lateral transfers. Notably, Article 3.11 indicates that step placement will not have any impact on Department seniority. Again, Officer Montross's Department seniority will be his rehire date of June 28, 2021.
