RE: Elevator Modernization Proposal
Town of Schodack
Castleton On Hudson, NY 12033-3223
Proposal KHIL-C89J92

Dear Customer

Schindler Elevator Corporation is very grateful for the opportunity to provide you with our proposal to modernize the elevator system at Town of Schodack. Schindler is an industry leader in vertical transportation systems with 140 years of experience and over 60,000 employees globally. As our customer, you can be certain the new elevator system will incorporate state of the art technology with the support and expertise to ensure reliable and safe operation for the life of your elevator equipment.

Schindler is proud to be the worldwide leader in escalators and the second largest installer of elevators globally. We move over one billion people per day on Schindler elevators and escalators. We are proposing Schindler's Elevator system for your property. This system's benefits are detailed in the following proposal.

Safety is the top priority for Schindler in everything we do. You can be assured Schindler provides products that meet the most stringent safety requirements in the industry. Our employee and public safety programs are of utmost importance and are non-negotiable items for each and every Schindler employee.

Our sustainability over the past 140 years is a result of our commitment to customer service, innovation and service excellence. Schindler Ahead, our predictive analytics platform, which is now available with each Schindler controller, is our continued commitment to leadership in innovation and customer service.

We thank you, again, for this opportunity and we look forward to discussing our proposal with you at your earliest convenience. You can reach me on my phone at 5187820744 x 4166.

Best regards,

Kim Anderson

Kim Anderson
Schindler Elevator Corporation

Schindler

Leadership through service

Schindler's company vision, "leadership through service," serves as our guiding principle throughout each customer relationship. To achieve that vision, employees throughout our organization put these values into practice every day:

- As a premier total service company, we at Schindler live values that provide our customers with outstanding service as well as world class products.
- We are passionate service providers to both our internal and external customers.
- Every business process is designed to best serve our customers.

Throughout our history, Schindler has strived to demonstrate these values on every project. We now look forward to continuing our partnership with our modernization package offer. We are committed to providing you with industry leading products with an option for a payment plan over time* that builds from our long-term commitment to you as our customer.

The Schindler management and engineering team has developed this project plan to provide you with an overview of our approach to make your property a successful project.

* Subject to proper credit approval.

The Challenge of Obsolescence

Obsolescence Challenges

All mechanical and electrical components wear with use over time. For this reason, we only see automobiles over 25 years old in the classic car grouping. The computer age brought us great advancements which have accelerated rapidly over the past 10 years pushing many older computer technologies to the side. In similar fashion, elevators over 25 years old face these same challenges. The above noted mechanical and electrical systems over 25 years old pose many of the following issues:

- Reliability Challenges
- Higher maintenance costs
- Limited or rebuilt only parts availability
- Higher potential liability exposure
- Higher operating costs

Schindler's Unique Offer

Schindler values our relationships with all our customers and works to provide creative solutions to our customers which benefit both the customer and Schindler. Our hydraulic elevator modernization package offer is one such unique opportunity for Schindler to partner with you, our customer. We understand the cost of an elevator modernization along with the other building cost upgrades required with a modernization can be a serious burden on a property

- 60- or 72-month payment options for those with approved credit.
- Schindler HX package provides an industry leading control and drive system, greatly improved energy efficiency, reliability and ride quality.

What does this all mean?

Hydro Package will provide:

Enhanced performance and reliability

Ensures a higher level of passenger satisfaction with a smoother riding experience

Greater sustainability and efficiency

Delivers cutting-edge technologies to significantly reduce energy consumption and costs

Improved safety and code compliance

Employs the latest equipment designs with advanced safety features.

Improved performance and reliability

Reduce wear through improved performance and safety features by using a type of drive with a cast-iron collector for power, hydro-ride technology

Schindler Nitrox Standard Package

- Schindler Nitrox® controller
- Door opener
- Handrails, doors and assembly
- Rail fixures and car station
- Handway and ramping form we.ig
- Soft Start line starter
- Program® light curtains
- Car top maintenance station
- Floor leveling system
- Battery charging unit
- Safety components
- Schindler Direct service monitoring

Available options:

- Submersible power unit with built in noise suppressor
- Oil cooler
- Tank heater
- Card reader payment
- Emergency power

Application range

Speed	150 to 150 rpm
Capacity	2000 lb - 5000 lb
Stops	2 - 60 stops max 1
Power unit	Up to 30 hp
Group size	4 car maximum

Schindler Advantage

Safety & Reliability

- Leveling accuracy within 1/8 inch of floor landing.
- Speed and unintended movement detection inhibiting the elevator motion when out of code allowable limits.
- Closed loop door controls ensuring safe and smooth door operation within code limits.

Control & Drive

- Market leader hydraulic package in North America for over 15 years. Parts support and technical expertise can be assured for many years into the future.
- Soft Start Kit reduces power surge and power consumption. Hush Kit reduces sound level from power unit.

Fixtures

- Durable vandal resistant, aesthetically pleasing fixtures with LCD displays.

Door Operation

- Minimal moving parts mean higher reliability and less maintenance.
- No lubrication means less problems due to dust and lint accumulation.
- Less moving parts and closed loop feedback equal smoother and quieter performance.
- Robust motor design means our system will perform to standards under all door conditions.

Schindler Ahead

- All units equipped with Schindler Ahead advanced diagnostics. Diagnoses problems quicker with predictive maintenance platform. Action Board mobile reporting for the customer.
- Digital Alarm available to replace more expensive 24-hour emergency monitoring services.

The Internet of Elevators & Escalators

CONNECTING THE DOTS.

Imagine a platform where all involved parties are connected and necessary information is shared in real-time. Schindler Ahead connects equipment, customers, passengers with Schindler Contact Centers and technicians via its digital closed-loop platform.

Schindler Ahead is included as part of your modernization package. See Terms and Conditions within this proposal for details.

Your property will be maintained by the most highly trained men and women in the industry, who are armed with leading-edge technology and a culture of service excellence.

■ Global support

As a global enterprise, Schindler service technicians are at work in more than 140 countries on five continents. A substantial research and development effort support their continued effectiveness, bringing new safety and performance innovations to market. Employing best practices in manufacturing helps to ensure Schindler technicians are servicing the industry's highest quality systems.

■ National support

If an elevator needs unscheduled service, customers across the country simply call the Schindler Customer Service Network. The technician receives a message on FieldLink from the customer service representative, is alerted to the problem and responds with an estimated time of arrival. This information is immediately relayed to the customer. When systems are equipped with Schindler Remote Monitoring™, technicians can be dispatched to the site to address subtle changes in performance, often before a problem ever develops.

At the national level, Schindler also has product line, service and modernization engineers who coordinate their efforts to help ensure that the reliability built into Schindler's equipment is maintained through every stage of an elevator's life cycle. Their knowledge is shared with the technicians at the Center for Service Excellence that provides training, technical expertise and sales support in all areas of maintenance and repair for elevators, escalators and moving walks. As a pioneer in dedicated service for all brands of vertical transportation equipment, Schindler expertise is unmatched. The Center for Service Excellence is the premier service support center in the industry.

■ Regional support

Schindler's Region Operation will continue to support the local organization. When unusual or complex situations arise, the Schindler service technicians can reach out to their regional service operations manager, field engineers and subject experts, who are always ready to provide in-depth technical assistance. They can support the technician with decades of maintenance experience covering all types of systems and brands of equipment.

■ Local support

Every Schindler service technician is equipped with FieldLink™ a fully functional handheld PC, cell phone, dispatch device, troubleshooting tool, parts database and service manual all rolled into one. This amazing device gives technicians immediate access to the complete service history, special needs and repair routines for every piece of equipment they maintain. With the aid of an advanced interactive software program called OSCAR, technicians can quickly identify the most likely source of the problem and fix it right the first time. If necessary, they can even order parts right from the job site or request advanced technical support from a field superintendent and local adjuster.

Safety program

Our first priority

Overview of the Field Safety Program

Schindler's Field Safety Program has been developed to provide our customers with the necessary information regarding our efforts to reduce accidents and maintain compliance with applicable safety regulations.

The goals of Schindler's Field Safety Program are to reduce the incidence of workplace injuries and illnesses and maintain compliance with all applicable safety regulations. These goals are carried out through established company safety procedures and employee training. We continuously monitor the success of the Field Safety Program by tracking accident reduction efforts, workers' compensation accident costs, number of accidents, near miss analysis and employee training.

Schindler maintains safety procedures/programs designed to ensure the success of the Field Safety Program. The following elements are included:

- † Guidelines for safe work practices
- † Accident reporting and investigation procedures
- † OSHA Required Training Programs (i.e.: Fall Protection, Scaffolds, Hazard Communication, Electrical)
- † Schindler Elevator Corporation safety training programs
- † Employee disciplinary procedures
- † Substance abuse testing guidelines
- † Subcontractor safety and insurance requirements
- † Emergency and first aid procedures
- † New employee safety orientation
- † Fire protection measures
- † Personal Protective Equipment (PPE) requirements
- † Proper mechanical and manual materials handling
- † Fleet safety policies and training
- † Guidelines for working in buildings where asbestos may be present
- † Schindler maintains written programs for Hazard Communication, Fall Protection, Confined Space, Lockout/Tagout, Respiratory Protection and Scaffolding and other OSHA-required training programs.

Safety training

Schindler maintains an on-going safety training program for all field employees to ensure that all have been trained in the safe execution of their work assignments. This training includes the following:

- † Safe work practices
- † Recognition and abatement of unsafe conditions
- † How to prevent common causes of accidents (i.e., back injuries)
- † Hazard Communication/handling of hazardous materials
- † Control of electrical hazards
- † Proper materials storage and handling

In addition to training received directly from Schindler, all field employees are provided training on safe work practices educational program (National Elevator Industry Education program).

With U.S. headquarters in Morristown, New Jersey, and Canadian headquarters in Toronto, Ontario, Schindler Elevator Corporation is the North American operating entity of the Switzerland-based Schindler Group.

Schindler is one of the leading global manufacturers of elevators, escalators and moving walks. Schindler employs over 5,000 people in more than 250 locations in North America.

Founded in 1874 in Lucerne, Switzerland, by precision engineer Robert Schindler, it is a closely held company and is listed on the Swiss stock exchange.

Schindler manufactures, installs, maintains and modernizes mobility solutions for almost every type of building requirement worldwide. The company specializes in latest-technology engineering, as well as mechanical and micro-technology products designed and rigorously tested for comfort, efficiency and reliability.

Schindler products can be found in many well-known buildings throughout North America, including office buildings, airports, shopping centers/retail establishments and specialty buildings

Fan	New
Emergency Exit Switch	New

SCHINDLER AHEAD

Your Schindler Modernization package comes enabled with Schindler Ahead. The Schindler Ahead Hardware provides remote connectivity to your equipment and will automatically notify us if any connected component or function is operating outside established parameters. When appropriate, we will communicate with you to schedule service calls.

Monitoring will be performed 24/7 and will automatically communicate with our Customer Service Network using dedicated wireless cellular technology. Schindler will make every reasonable effort to maintain wireless connectivity.

Schindler Ahead has three service tiers to fit your individual needs. The tiers are Connect, Enhanced, and Premium. As part of your service agreement, Schindler includes the Enhanced Package upon completion and turnover of the last unit with details as noted herein. This cost is broken out as part of the total monthly maintenance cost of your service agreement.

Connect – Schindler’s Connect package provides wireless cellular communication from your equipment’s controller to Schindler’s data network. This allows the Schindler Cube to be connected to your equipment 24/7. Connect also provides access to the basic features of ActionBoard and ActionBoard Mobile, giving you real time information on your equipment.

Enhanced – The Enhanced Package includes the features of Connect, plus access to Schindler’s Elevated Support Professional (ESP) Team. This team analyzes information gathered by Schindler Ahead, which improves the reliability of your equipment and improves the response time. The ESP Team can alert you when a shutdown is detected, helps confirm issues remotely, and provides real-time ETAs for technicians en route. With these enhanced diagnostics, we can guarantee that you will not be charged for Running on Arrival calls. Under the "No Running on Arrival Guarantee," Schindler will fully cover the cost of any callback related to the following situations: Elevator or Escalator Running in normal operation, or running under any of the following special services modes: Independent service, Fireman’s service (Phase I or Phase II), or Inspection operation. All other callbacks will be billed as outlined in the service agreement.

Premium – The premium package is our top tier and was created for customers requiring the most comprehensive level of service. Our premium package offers the highest level of functionality and support. The Premium tier also includes concierge level assistance for all of your service needs.

The Enhanced Package and Premium include access to Schindler ActionBoard and ActionBoard Mobile, which are communication technologies that provide access to real-time information about your equipment. Some of the available information includes: performance history, reports, push notifications, service call records, unit profiles and more.

Additionally, Schindler Ahead enables the option to add Digital Alarm, a cellular emergency phone monitoring service, to any tier. This service includes a reliable cellular connection that allows incoming and outgoing emergency calls from the elevator cab and eliminates the need for a traditional analog phoneline.

Work by Others

The owner will provide the following requirements based on ANSI A17.1 Code, the governing code, except when applicable codes conflict with ANSI A17.1 Code. Rules referenced are ANSI A17.1 Rules.

Hoistway

1. Provide 75-degree bevel guards on all projections, recesses or setbacks over two inches, except for the loading or unloading side. Rule 100.6.
2. Provide pit light and GFI outlet. Light switch to be located adjacent to each pit entrance.
3. Provide a legal hoistway inclusive of ventilation and shaftway bevel guards, as required.
4. Cutting and patching walls and floors.
5. Provide a pit access ladder for each elevator, where required.
6. Provide a lockable, self-closing, fire-rated pit door, where required.
7. Hoistway venting or pressurization to prevent accumulation of smoke and gas, as required by Local Building Code.

Machine Room

1. Enclose/relocate all non-elevator oriented conduit, ducts and drains from elevator machine room, where required in the machine hoistway and/or pit. Enclosures, when used, need to be two-hour rated.
2. Provide means to regulate control room temperature and humidity between 55° F and 90° F with relative humidity no more than 85% non-condensing. Peak equipment heat release is a minimum of 6,000 BTU/Hour/Unit (maximum = 9,000 BTU/Hour/Unit) for a Hydraulic unit.
3. Provide machine room smoke/heat detector as required by regulation. In the event sprinklers are anticipated within the machine room area, means to remove primary power prior to the application of water must be provided as required by code.
4. Provide new electric wiring from the present disconnect switches to the terminals of the new elevator controllers in the new locations, inclusive of a normal/standby 120 VAC, 15 AMP supply at each controller.
5. Provide connection at the first elevator controller for fire recall operation, where auto-recall is needed to respond to a life safety/fire alarm system.
6. Provide proper lighting in the elevator machine rooms within the vicinity of every controller and mainline disconnect per code requirements.
7. Provide a fused disconnect switch or circuit breaker and a light switch adjacent to the lock jamb-side of the machine room door for each elevator location, per the National Electric Code. Rule 210.5 and NFPA No. 70 Rule 620-51. Provide auxiliary disconnects, as required, based on the elevator contractor's drawings.
8. Provide copper wire feeder and branch wiring circuits to the controller, including a main line switch and convenience outlets.
9. Provide a telephone outlet near an elevator controller in each machine room.
10. Provide a self-closing and locking access machine room door.
11. Provide an "ABC" fire extinguisher.
12. Interfacing to and updating the existing fire life safety systems to meet current code requirements.
13. A separate 20 amp circuit will be provided if tank heater is provided with the elevator.

General Requirements

1. Provide sufficient space for storage of materials on site throughout the duration of the modernization.
2. Provide clear floor space to be used as a work area.
3. If not presently outfitted, each elevator lobby should be equipped with smoke detectors, which can be used to initiate automatic fire recall. Actuation from water flow sensing or the general building alarm may require special approval.
4. Paint new or modified hoistway equipment to match building aesthetics, as required.
5. Provide building signage and floor designations related to other building systems, as required.
6. Provide building corridor lighting sufficient for illumination of elevator landing sills, as required by code.

Electrical Requirements

1. The permissible voltage drop for elevator feeders shall not exceed 3% between the service delivered to the building and our supply terminal.
2. All three legs of the three-phase feeder must be hot with respect to ground and balanced to each other with no more than a 5% variation between individual legs.
3. The maximum permissible voltage variation measured in the machine room under all operating conditions shall not exceed plus or minus 10% of the nominal building supply power source voltage.
4. A 20-amp, single phase, 110VAC, dedicated circuit with a duplex receptacle for the oil heater unit.
5. **FOR EMERGENCY POWER OPERATION OF ELEVATOR(S): (when required)**
 - A. Provide an emergency generator that has the same voltage characteristics as the normal power supply. It should also have the capacity to deliver sufficient power to the main line disconnect switches in the elevator machine room for operating the specified number of elevators used during an emergency at full speed and full load.
 - B. Provide an automatic transfer switch, or switches, for transferring power from normal to emergency power and back again.
6. **EMERGENCY POWER OPERATION SIGNAL - The following separate indicating signals will be required from the automatic transfer switch to the machine room communication unit for each group of elevators.**
 - A. One dry contact to close on emergency power and open on normal power. Provide two #12 AWG wires.
 - B. Provide one normally open dry contact (pre-transfer) to close 30 to 60 seconds prior to transfer to emergency power or back to normal power. This contact should reopen immediately after actual transfer of power. This is to prevent transfer of power while an elevator is moving, which can occur during the return to normal power or on an operating test. Provide two #12 AWG wires.

Note: When operating elevators on emergency power, a means of absorbing the regenerative energy may be necessary and shall be provide by others.

It is required that the car light, the fan circuits, ascending car protection circuit and the intercom circuit (if supplied), be set to operate from the emergency power supply in accordance with the building code.

7. The SCCR rating of elevator equipment is 5000 Amps, contractor to ensure that the available fault current of the building supply at the service switch does not exceed this value (Per NEC 110.10). Contractor to include a label (please see figure 2- Available Fault Current Label Example) that identifies the Max Available Fault Current onto Disconnect.
- A. See Note 1 of Figure 2, Available Fault Current Labelling Diagram. In addition, we require a hard copy of the manufacturers Fuse Chart and rating verifying the available fault current meets requirements.
 - B. Per NEC 110.24, the service switch should be legibly marked with Apparent RMS Symmetrical fault current supplying the Elevator Equipment. ****See note 3 of AVAILABLE FAULT CURRENT RATING LABELLING DIAGRAM.**

From Building Electrical Distribution Panel

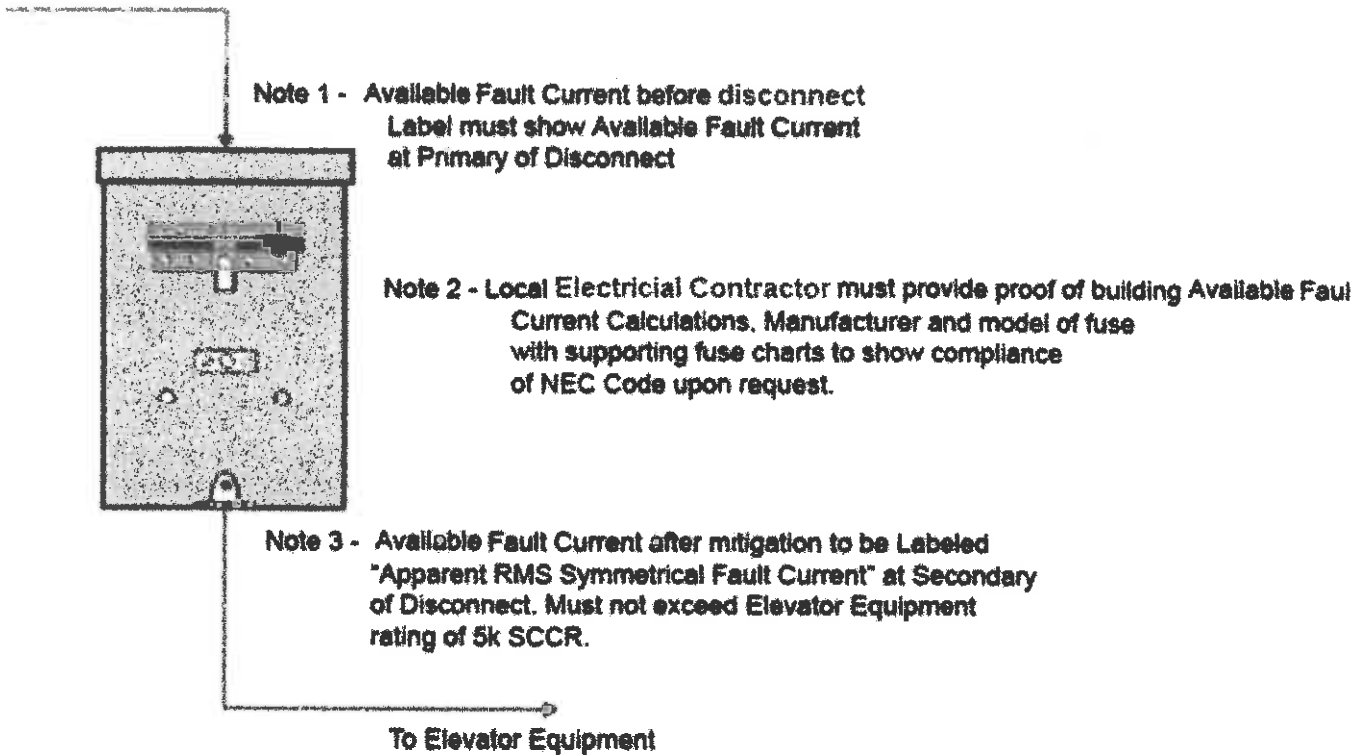

FIGURE 1: AVAILABLE FAULT CURRENT RATING LABELLING DIAGRAM

Price and Payment Terms

1. Our price for the work proposed is as noted below (tax exempt) and will be added to the invoice/billings. This price is firm for 45 days, and thereafter subject to change without notice.

Total Price (10% savings with Sourcwell included. Tax Exempt; taxes not included): \$105,904.00 or,

Payment over 60 equal monthly payments: \$2,047.12*

You agree to the following payment schedule for the lump sum option:

- Initial Invoice: 50% of the price quoted above upon execution of this Contract;
- Progress Invoice: 95% of the remaining balance to be paid in one installment upon fabrication of material;
- Final Invoice: Final payment within 30 days of completion of the work.

All invoices, including final invoice are payable within 30 days of application.

Any late or overdue payments will bear interest at the rate of 1 ½% per month. Attorneys' fees and other costs of collection will be included in the event that we must pursue legal action for payment or in the event that you are otherwise in breach of this contract.

We will not release to manufacture until the above initial invoice is paid. We will not schedule on-site work until the above progress invoice is paid. We will not turn over equipment prior to receipt of 95% of the price for the work inclusive of change notices.

- *2. Schindler understands the costs for capital improvement can put a strain on a property's budget. Schindler has partnered with leading Finance organizations in an effort to help our clients sort through the best options to fund these capital improvements. We have simplified the process so all private financial information as well as future payments are handled between the Finance organization's representative and our client. Schindler facilitates the transaction and only requires a new 5-year maintenance contract as part of the agreement. Financing option is subject to credit check and approval.

Often times there are other building components which require upgrade due to the upgrade of the elevator system. These costs can be rolled into the total finance package with the lender.

If for some reason our contract is cancelled prior to the 60-month term all remaining balances become due immediately. *Monthly finance payment is an approximation and will be finalized following the credit check and contract.

Your sales representative, Kim Anderson, will be happy to facilitate the process moving forward if you are interested in our financing option. The finance credit approval form can be found attached to this document.

3. Our price for the cab interiors which is included in the above price is \$0 (total for the job).

General Terms and Conditions

1. The price quoted in Article 1 above is based upon all the work being performed during our regular working hours of regular working days. If overtime is required, the additional price usually charged by us shall be added to the contract price. Your advance approval in writing is required before we will schedule or perform any overtime work.
2. The equipment furnished hereunder remains personal property and we retain title thereto until final payment is made, with the right to retake possession of the same at the cost of the Purchaser if default is made in any of the payments, irrespective of the manner of attachment to the realty, the acceptance of notes, or the sale, mortgage or lease of the premises.
3. The completion of the work as covered by this Agreement or acceptance thereof shall constitute a waiver by you of all claims for loss or damage due to delay. It is also understood and agreed that we shall not be liable for the condition, design, application or compliance with acceptable codes of any equipment not furnished under this Agreement or for the omission of any work or equipment not covered by this Agreement. We reserve the right to remove and retain all equipment that has been replaced or new materials not used in construction.
4. Schindler reserves the right to furnish its most modern of equipment and no statements contained in this contract are to make it obligatory for us to furnish equipment, the design of which has been discontinued or supplanted by new standards or codes.
5. All previous communication between us, whether written or verbal, with reference to the subject matter of this Agreement, is hereby abrogated, and this contract when duly accepted and approved constitutes the agreement between us, and no modification of this agreement shall be binding upon the Purchaser or Schindler, or either of us, unless such modification shall be in writing, duly accepted by the Purchaser and approved by Schindler. The contract date shall be the date of approval by Schindler.
6. The Purchaser is to provide suitable connections from the power mains to the controller, together with any cutouts, line switches, phase reversal or lightning arresters, and any other such components as that may be necessary to meet purchaser and/ or local code requirements.
7. Any changes in the building required to meet any local or state building or electrical codes are to be made by the Purchaser. Any cutting or patching necessary for the installation of equipment furnished under this contract shall be done by the Purchaser. Schindler shall not under any circumstances be liable for any redecorating that may be necessary upon the completion of its work. No work or service other than that specifically mentioned herein is included or intended. Such work by others must be coordinated by Purchase with Schindler in order to avoid delays to Schindler's work.

- 8A. It is expressly understood, in consideration of the performance of the service enumerated herein at the price stated, that nothing in this agreement shall be construed to mean that Schindler assumes any liability on account of injury or damage to persons or property, except to the extent directly and solely due to the negligent acts or omissions of Schindler or its employees; and that the Purchaser's responsibility for injury or damage to persons or property while riding on or being in or about the equipment referred to is in no way affected by this Agreement.

Schindler shall not be responsible or liable for any loss, damage, detention or delay caused by labor trouble, strikes, lockouts, fire, explosion, theft, lightning, windstorm, earthquake, floods, storms, epidemics, pandemics, riot, civil commotion, malicious mischief, embargoes, shortages or materials or workmen, unavailability of material from usual sources, Government priorities or requests or demands of the National Defense Program, civil or military authority, war, insurrection, failure to act on the part of the Purchaser's or Schindler's suppliers, orders or instructions of any federal, state or municipal government or any department or agency thereof, Act of God, or by any cause whatsoever beyond its reasonable control. Dates for the performance or completion of work shall be extended to the extent of such delays.

- 8B. Purchaser agrees to defend, indemnify and hold Schindler harmless from and against any claims, lawsuits, demands, judgments, damages, costs and expenses arising out of this Agreement except to the extent caused by or resulting from the established sole and direct fault of Schindler.
- 8C. We reserve the right to modify price and schedule without penalty due to material or component shortages.
- 8D. We will not be liable for damages of any kind, whether in contract or in tort, or otherwise, in excess of the price of this Agreement. We will not be liable in any event for special, indirect, liquidated or consequential damages, which include but are not limited to loss of rents, revenues, profit, good will, or use of equipment or property, or business interruption.
9. Schindler guarantees that the equipment furnished hereunder will comply with the foregoing specifications and if promptly notified in writing will, at our expense, correct any defects in such equipment occurring within one year from the date of completion or acceptance whichever occurs first, which are not due to ordinary wear and tear or improper use, care or maintenance. The correction of such defects constitutes the limit of our responsibility. THERE ARE NO OTHER WARRANTIES OR GUARANTEES, EXPRESS OR IMPLIED, OTHER THAN OF TITLE. The equipment installed under this agreement requires maintenance service, such as periodic examinations, lubrication and adjustment by competent elevator mechanics. Our guarantee is not intended to supplant this normal servicing of the equipment and it is not to be construed that we will provide free maintenance service of this type, except as may be provided under other provisions of the contract, or that we will correct, without charge, breakage, maladjustment or other troubles occurring as a result of improper or inadequate maintenance.
10. We will defend any suit or proceeding brought against you so far as based on a claim that any equipment, or any part thereof, furnished under this contract constitutes an infringement of any patent of the United States, provided that such equipment or part is not supplied according to your design, and it is used as sold by us, if notified promptly in writing and given authority, information and assistance (at our expense) for the defense of same, and we shall pay all damages and costs awarded therein against you. In case said equipment or any part thereof is in such suit held to constitute infringement and the use of said equipment or part is enjoined, we shall at our own expense either: procure for you the right to continue using said equipment or part; or replace same with non-infringing equipment; or modify it so it becomes non-infringing; or remove said equipment and refund the purchase price and the transportation and installation costs thereof. The foregoing states our entire liability for patent infringement by said equipment or any part thereof.

11. Purchaser will have the hoistways and machine room in safe and proper condition and the proper electrical current available as indicated on our attached schedule. Purchaser will also provide adequate access for delivery and a dry protected place for storage of equipment. Storage requirement of a minimum of 150 sq ft will be required for this project. If storage constraints force double handling of equipment, we will be compensated by you for all additional costs for labor and materials to overcome such obstacles at our standard billing rate. If the locations where the work is to be performed are not ready or are unsafe, we reserve the right not to begin or to discontinue the work. If adequate storage is not available, we will be compensated for all storage costs, as well as costs for demobilization and remobilization if necessary.

If completion of our work is delayed beyond our control and the following date: _____, our price will be increased in proportion to any additional costs to complete, including but not limited to labor rate increases, component material price increases, storage costs, demobilization and remobilization expenses and the like.

12. Should latent or concealed conditions be encountered in the performance of the work below the surface of the ground or should concealed or unknown conditions in an existing structure be at variance with the conditions indicated by the Contract Documents, or should unknown physical conditions below the surface of the ground or should concealed or unknown conditions in an existing structure of an unusual nature differing materially from those ordinarily encountered and generally recognized as inherent in the work of the character provided for in this contract be encountered, the contract price and time shall be equitably adjusted by change order upon claim by either party made within 20 days and after the first observance of the conditions.
13. Any proprietary material, information, data or devices contained in the equipment or work provided hereunder, or any component or feature thereof, remains our property. This includes, but is not limited to, any tools, devices, manuals, software (which is subject to a limited license for use in this building/premises/equipment only), modems, source/access/object codes, passwords and the Schindler Remote Monitoring feature ("SRM") (if applicable) which will deactivate and remove if the Agreement is terminated.
14. Our bid is based on reusing existing components as is in regard to seismic conditions except as herein noted. Any required changes to existing components resulting from seismic requirements will need to be bid separately.

15. You agree to pay, as an addition to the price stated herein, the amount of any federal excise tax, state and local sales, use or transaction tax, or increase of any tax, or similar charges based upon the sale, use, ownership or possession of materials and/or equipment imposed by any law enacted after the date of this proposal, or imposed upon you by any existing law. In the event of legislative change to the applicable tax rates, including but not limited sales tax, use tax, excise tax, privilege tax, transaction tax and similar charges, Supplier reserves the right to adjust the contract price accordingly.

In the event the customer claims an exemption from sales and/or use tax the customer shall provide a valid executed exemption certificate

In the event you claim an exemption which Supplier accepts in good faith and it is later determined by a taxing authority that such exemption does not apply, Schindler reserves the right to adjust the contract price to reflect the change.

Customer shall pay any penalty, interest, additional tax, or other charge that may be levied or assessed as a result of the delay or failure, caused by the Customer, to pay any tax or file any return or information required by law, rule or regulation or by this Agreement to be paid or filed by Supplier.

If either Party is audited by a taxing authority or other governmental entity in connection with taxes under this Taxes Section, the other Party shall reasonably cooperate with the Party being audited in order to respond to any audit inquiries in an appropriate and timely manner, so that the audit and any resulting controversy may be resolved expeditiously.

In the event of governmental changes to applicable tariffs, Schindler reserves the rights to adjust the contract price accordingly to account for all additional cost impacts.

We reserve the right to modify price and schedule without penalty due to material or component shortages, increases in inflation and/or material price increases based upon the S&P Material Price Index (MPI).

16. We are not responsible for the removal of any hazardous materials. We will take possession, remove, and dispose any elevator equipment not being reused.
17. Schindler reserves the right to make technical modifications - in conformity with technological progress and/or safety regulations - to the products and/or to replace the components with components of equal or superior quality at any time until delivery and without further notice.
18. In the event of any change to the applicable code, after the date of this proposal that may affect this installation, you agree to pay Schindler any additional costs and provide the necessary extension of time to comply with the code change.

Customer:
 Town Of Schodack
 265 Schuurman Rd
 Castleton On Hudson, NY 12033-3223

Attn: Dawne Kelly

Schindler hereby proposes to furnish and install the following with respect to the equipment located at the above building:

Solid State Linestarter | Soft Start

Your electromechanical line starter, which transfers the power needed for the elevator to run, is outdated and subject to component deterioration and breakdown. We recommend replacing/upgrading it with a new state of the art, solid state line starter (soft start), which will provide the following benefits:

- Motor overload protection
- Phase loss/reversal protection
- Increase elevator reliability by reducing stress between motor and pump during start-up.
- Eliminate audible noise created by line starter mechanical components picking up and dropping each time the elevator runs.
- Eliminate light "dimming" effect upon start up. By controlling the amount of electrical current, solid state starters eliminate the large surge of motor start up currents typical with mechanical starters.

Schindler Elevator Corporation is proposing to provide all labor, material, engineering and supervision required to perform the following scope of work during regular working hours of the elevator trade:

- Remove the existing electromechanical line starter from the control system.
- Provide a solid state line starter to suit the existing control system application, the motor voltage, and the horsepower.
- Mount the unit in the control cabinet, modify circuitry as required, and wire the power and motor leads.
- Perform the necessary adjustments, test operation, and return elevator back to service.

(Discounted 50% to \$5290, from \$10,580, as a courtesy due to acceptance of HX MOD)

Price: \$5,290.00, plus applicable taxes. (Quotations valid for 30 days; price based upon work during regular working hours of regular working days.)

***Financing available (see below)**

Payment: 50% of the price is due upon acceptance of this proposal;
40% of the price is due as work progresses within 30 days of invoice;
Balance due upon completion, within 30 days of invoice.

Schindler reserves the right not to source material or schedule labor for the above quoted work until initial payment has been received.

Schindler retains title to any equipment furnished hereunder until final payment is made. Late or non-payment will result in assessment of interest charged at a rate of 1 1/2% per month or the highest legal rate available, and any attorneys' fees, expenses, and costs of collection. The customer understands that this is a fixed price proposal. Supporting documentation for materials and/or labor shall not be a condition precedent for payment in full to be made to Schindler.

Available Financing: Schindler understands that the cost of capital improvements can put a strain on a property's budget. For this reason, Schindler has teamed with leading financial organizations (Lender) in an effort to help our customers sort through the best options to fund these capital improvements. The financing is done directly between the Lender and you, our customer. In return, Schindler requires that you enter into a new 5-year maintenance agreement with Schindler.

Often times, other building systems will need upgrades as a part of the elevator or escalator improvements. The cost of the related work can be rolled into the total finance package with the Lender.

As an example, if you finance \$25,000.00 for 60 months, your monthly payment would be approximately \$510.00 plus any applicable state and federal tax. The monthly finance payment is an approximation and will be finalized between you and the Lender.

Financing is subject to the borrower's qualifications, including income, property evaluation, sufficient equity and final credit approval. Approvals are subject to underwriting guidelines, interest rates, and program guidelines. Loans are subject to change without notice based upon eligibility and market conditions. This is not a commitment to make a loan as financing options are subject to credit checks and approval.

This program is offered and provided through third-party financial organizations and are dependent upon those entities' rules, regulations, and restrictions.

If the maintenance agreement is cancelled for any reason prior to the 60-month term, all remaining balances become due immediately.

Your sales representative will be happy to facilitate the process moving forward if you are interested in our financing option. The finance credit approval form can be found attached to this document.

The attached terms and conditions are incorporated herein by reference.

Acceptance by you as owner's agent or authorized representative and subsequent approval by our authorized representative will be required to validate this agreement.

TERMS AND CONDITIONS

1. Any changes to the building to meet local or state codes are to be made by Purchaser. Any changes in the Work required due to building conditions discovered in the performance of the Work will be paid by Purchaser.
2. No work, service materials or equipment other than as specified hereunder is included or intended.
3. Purchaser retains its normal responsibilities as Owner of the equipment which is subject of this Agreement.
4. Schindler will not be liable for damages of any kind, in excess of the Price of this Agreement, nor in any event for special, indirect, consequential or liquidated damages.
5. Any cutting and patching is by others and not included in this work.
6. Neither party shall be responsible for any loss, damage, detention or delay caused by labor trouble or disputes, strikes, lockouts, fire, explosion, theft, lightning, wind storm, earthquake, floods, epidemics, pandemics, storms, riot, civil commotion, malicious mischief, embargoes, shortages of materials or workmen, unavailability of material from usual sources, government priorities or requests or demands of the National Defense Program, civil or military authority, war, insurrection, failure to act on the part of either party's suppliers or subcontractors, orders or instructions of any federal, state, or municipal government or any department or agency thereof, acts of God, or by any other cause beyond the reasonable control of either party. Dates for the performance or completion of the work shall be extended by such delay of time as may be reasonably necessary to compensate for the delay.
7. We warrant that the work will comply with the specifications and that there will be no defects in materials or workmanship for one year after completion of the work or acceptance thereof by beneficial use, whichever is earlier. Our duty under this warranty is to correct nonconformance or defect at our expense within a reasonable time after the receipt of notice. THE EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Purchaser's remedies hereunder are exclusive.
8. Purchaser agrees to defend, indemnify and hold Schindler harmless from and against any claims, lawsuits, demands, judgments, damages, costs and expenses arising out of this Agreement except to the extent caused by or resulting from the sole and direct fault of Schindler.
9. For non-maintenance contract customers, Customer hereby agrees, without limitation, to defend, indemnify, release and hold harmless Schindler and its employees, affiliates, divisions, parent entities, predecessors and successors, representatives and agents from and against all claims, liabilities, losses, injuries, death, damages, fines, penalties, payments, costs, and expenses (including reasonable attorneys' fees and expenses) arising out of or relating to the Work performed by Schindler under this Agreement.
INSURANCE: At a minimum, Customer shall provide to Schindler, insurance coverages as set forth within, and a certificate of insurance evidencing such coverage: Comprehensive General Liability (including Products Liability, Completed Operations, Broad Form Property damage, and Blanket Contractual Liability) in the amounts of \$2M per occurrence, \$5M aggregate. Schindler Holding, Ltd., Schindler Elevator Corporation, and Schindler Enterprises, Inc. shall be named as additional insureds on the above referenced policies, pursuant to ISO Form CG 2010 11/85, and shall appear as such on the Certificate of Insurance. Insurance shall provide a waiver of subrogation in favor of the entities named as additional insureds. Insurance shall be primary over any other valid and collectible insurance. Any deductible / retention is the responsibility of the Named Insured.
10. Any proprietary material, information, data or devices contained in the equipment or work provided hereunder, or any component or feature thereof, remains our property. This includes, but is not limited to, any tools, devices, manuals, software, modems, source/ access/ object codes, passwords. In the event Schindler's maintenance obligation is terminated, the Schindler Ahead features ("SA") (if applicable) will be deactivated and Schindler reserves the right to remove the Schindler Ahead hardware. If Schindler is no longer the maintenance provider, Customer is responsible for obtaining alternative telephone service for the elevator phones.
11. In the event of governmental changes to applicable tariffs, tax rates, including but not limited to sales tax, use tax, excise tax, privilege tax, transaction tax and similar changes, or loss of tax exempt status, Schindler reserves the rights to adjust the contract price accordingly to account for all additional cost impacts.
12. We reserve the right to modify price and schedule without penalty due to material or component shortages, increases in inflation and/or material price increases based upon the S&P Material Price Index (MPI).

2022-248

IRS increases mileage rate for remainder of 2022

IR-2022-124, June 9, 2022

WASHINGTON — The Internal Revenue Service today announced an increase in the optional standard mileage rate for the final 6 months of 2022. Taxpayers may use the optional standard mileage rates to calculate the deductible costs of operating an automobile for business and certain other purposes.

For the final 6 months of 2022, the standard mileage rate for business travel will be 62.5 cents per mile, up 4 cents from the rate effective at the start of the year. The new rate for deductible medical or moving expenses (available for active-duty members of the military) will be 22 cents for the remainder of 2022, up 4 cents from the rate effective at the start of 2022. These new rates become effective July 1, 2022. The IRS provided legal guidance on the new rates in Announcement 2022-13 [PDF](#), issued today.

In recognition of recent gasoline price increases, the IRS made this special adjustment for the final months of 2022. The IRS normally updates the mileage rates once a year in the fall for the next calendar year. For travel from January 1 through June 30, 2022, taxpayers should use the rates set forth in Notice 2022-03 [PDF](#).

"The IRS is adjusting the standard mileage rates to better reflect the recent increase in fuel prices," said IRS Commissioner Chuck Rettig. "We are aware a number of unusual factors have come into play involving fuel costs, and we are taking this special step to help taxpayers, businesses and others who use this rate."

While fuel costs are a significant factor in the mileage figure, other items enter into the calculation of mileage rates, such as depreciation and insurance and other fixed and variable costs.

The optional business standard mileage rate is used to compute the deductible costs of operating an automobile for business use in lieu of tracking actual costs. This rate is also used as a benchmark by the federal government and many businesses to reimburse their employees for mileage.

Taxpayers always have the option of calculating the actual costs of using their vehicle rather than using the standard mileage rates.

The 14 cents per mile rate for charitable organizations remains unchanged as it is set by statute.

Midyear increases in the optional mileage rates are rare, the last time the IRS made such an increase was in 2011.

Mileage Rate Changes

Purpose	Rates 1/1 through 6/30/2022	Rates 7/1 through 12/31/2022
Business	58.5	62.5

Item Number	Quantity	Description	Unit Price	Amount
Unloading Equipm...		Your containers will arrive stacked on a semi-trailer not a roll-off truck. Unloading equipment will be needed to remove the units from a semi-trailer once order is delivered.		
Liability Disclaimer		Bucks Fabricating does not assume any responsibility and will not be held liable for issues that arise due to incorrect truck/hooklift information provided to us. This includes, but is not limited to, incorrect stops type and location, bodies not being within manufacturer recommended lengths, interference with taillights, toolboxes, fenders, etc. Please verify that all information provided is correct and accurate prior to submitting order.		
Freight Cost Notice		Due to rapidly fluctuating freight costs, actual freight expenses could change vs the estimates provided in the initial quote received. Actual freight cost will be confirmed near order completion.		

This Quote is valid for 3 days from Quote Date.

All Orders are subject to Deist Terms and Conditions OS-100. See attached.

The product prices listed herein are based on current steel prices, if there is a 3% or greater shift in steel prices before this order is produced, we will notify you of any applicable changes in the costs of these products.

By providing your signature of approval, you are agreeing the container and/or containers will be manufactured as described and no additional modifications or changes will be made to the order once the signature of approval is received.

By providing your signature of approval above, you are acknowledging that the delivery address is correct and accurate. If the delivery location changes at the time of shipment or if the customer redirects a carrier to a destination which is more than 5 miles from the original delivery destination, additional delivery charges will apply.

OS-100: Deist Seller Terms and Conditions .v11

1. Contract Formation.

1.1 Offer. Deist's proposal, quote, sales order and/or Deist's invoice quote (collectively, the "Proposal") constitutes an offer for the sale of goods (the "Goods") and includes all the terms and conditions contained herein (the "Terms and Conditions"). As used herein, the term "Deist" means Deist Industries, Inc., a Pennsylvania corporation, doing business under its own name and doing business under the trade names of "Bucks Fabricating" and "Roll-offparts.com".

1.2 Acceptance. Any purchase order or other form of acceptance issued by the Buyer in response to a Proposal from Deist shall result in a contract for the purchase of the Goods at the price quoted in Deist's Proposal and shall be subject to these Terms and Conditions. Deist does not accept any terms contained in any purchase order or other documents issued by Buyer which are different from, conflict with, modify and/or add to these Terms and Conditions. Deist's execution of any document issued by the Buyer shall constitute only an acknowledgement of receipt thereof, and shall not be construed as an acceptance of any of the terms therein. Unless Buyer shall have set forth each specific objection to these Terms and Conditions in a separate writing signed and dated by Buyer and delivered to Deist contemporaneously with Buyer's purchase order or other acceptance document, Buyer shall be deemed to have accepted all of these Terms and Conditions. Buyer's issuance of a purchase order or other document which purports to reject some or all of these Terms and Conditions by virtue of Buyer's standard form language, or otherwise, shall not be sufficient objection. Where Buyer specifically objects to any of these Terms and Conditions, no contract shall be formed unless and until Deist agrees to accept in writing Buyer's proposed modifications to these Terms and Conditions.

1.3 Entire Agreement. The Proposal and these Terms and Conditions shall constitute the entire understanding and agreement (the "Contract") between Buyer and Deist. Any representation, promise, course of dealing, course of performance, custom or trade usage will not be binding upon either party. This Contract may not be amended or modified except by a writing executed by both parties.

2. Purchase and Sale. Subject to these Terms and Conditions, Buyer agrees to buy, and Deist agrees to sell, the Goods, for the purchase price specified in the Proposal.

3. Taxes. Buyer shall be responsible for, and shall pay, any taxes (sales, excise, use, etc.) and any export or import duties which may be applicable to the sale and/or delivery of the Goods and to the performance of any warranty work on the Goods as may be required under Section 6.6. Buyer shall defend, indemnify and hold Deist harmless from any claim, loss, damage, liability or expense incurred with regard to the payment of any such taxes or duties.

4. Payment; Security Interest.

4.1 Generally. Buyer shall pay the purchase price, all applicable taxes, freight charges, and all other applicable charges in full, in U.S. Dollars, without any deduction for claims, set-offs or recoupment on account of this Contract or any other matter between the parties within the time periods set forth below in Section 4.2 and Section 4.3, below. Payment shall not be contingent upon use or upon field tests. If payment is delayed beyond the date on which it is due, interest shall accrue and be payable by Buyer on the unpaid balance at a rate of one and one-half percent (1 1/2%) per month.

4.2 Payment. Unless otherwise specified by Deist in the Proposal, the Buyer shall pay the purchase price within thirty (30) days from the date of delivery or the date of shipment, whichever is the earlier. If delivery or shipment is delayed by Buyer, Deist shall invoice the Buyer when the Goods are ready for delivery or shipment, whichever is the earlier. In such case, payment shall be due thirty (30) days from the date of the invoice, regardless of whether or when delivery or shipment of the Goods is actually made.

4.3 Security Interest. Buyer hereby grants to Deist a security interest in the Goods until all monies due Deist under this Contract are paid in full. Deist shall have the right to file financing statements and any other documents that may be necessary to evidence and perfect such a security interest in the Goods in any jurisdiction.

5. Delivery.

5.1 Date. Any delivery date stated in the Contract is approximate only and shall not constitute any guarantee of delivery on any particular date. Time shall NOT be of the essence of the Contract.

5.2 Terms. Unless otherwise specified by Deist in the Proposal: (1) delivery of the Goods shall be Ex Works Deist's factory, 3547 Perry Hwy. Hadley, PA 16130 (incoterms 2010); and (2) any delivery terms specified in the Proposal shall be construed in accordance with Incoterms 2010.

5.3 Freight. Notwithstanding the provisions of Section 5.2, above, unless otherwise directed by the Buyer in writing or otherwise expressly specified in the Proposal, Deist shall arrange for carriage of the Goods. Buyer shall be solely responsible for the cost of carriage of the Goods, regardless of any delivery terms (including Incoterms) specified in the Proposal.

5.4 Risk of Loss; Title. Risk of loss shall pass from Deist to the Buyer in accordance with the delivery terms applicable to this Contract, as specified in Section 5.2, above. Title to the Goods shall pass from Deist to the Buyer upon the passage of risk of loss from Deist to the Buyer.

5.5 Delay in Performance by Deist. Deist shall not be responsible to Buyer or any third party for any damages resulting from any failure or delay in manufacturing, delivery or shipping due to any cause beyond Deist's reasonable control,

including, but not limited to: (1) intervening legal requirements or governmental directives; (2) acts of God; (3) force majeure; (4) labor disputes; (5) delays caused by Deist's suppliers or vendors; or (6) war, terrorism, or similar disruptions.

5.6 Delay of Delivery or Shipment by Buyer. If delivery or shipment is delayed by Buyer, Deist may arrange for storage of the Goods at Buyer's sole expense. In such event, risk of loss to the Goods shall pass to Buyer upon placing the Goods in storage, unless risk of loss has already passed to the Buyer pursuant to the delivery terms applicable to this Contract, as specified in Section 5.2, above, in which case risk of loss shall remain with the Buyer. If storage of the Goods is at a location other than Deist's factory, Buyer shall be responsible for all storage, handling and other expenses actually incurred by Deist in effectuating the storage of the Goods. If storage of the Goods is at Deist's factory, Deist shall be entitled to collect from Buyer a storage charge of \$25.00 per day per unit. Deist shall not be obligated to deliver or ship the Goods until all storage charges and related expenses have been paid by the Buyer. Storage charges shall commence on the original due date for delivery and shall continue until shipment of the Goods to the Buyer. Deist shall have the right to invoice Buyer for storage charges on a weekly, bi-weekly, monthly or other periodic basis, at Deist's option. Payment on such invoices shall be due thirty (30) days from the date of the invoice. If Buyer delays delivery or shipment of the Goods for a period of more than ninety (90) days, or otherwise fails to take delivery of the Goods within ninety (90) days from the original due date for delivery, Deist may declare Buyer in default and exercise its remedies, as contemplated by Section 9, below.

6. Warranties.

6.1 Limited Warranty. For the benefit of the Buyer only, Deist warrants that all new Goods manufactured by Deist shall be free from defects in material and workmanship for the periods specified in Section 6.2, below. Deist's obligations under this limited warranty are conditioned upon Deist receiving written notice of any defects no later than the expiration of the applicable warranty period.

6.2 Length. Unless otherwise specified in the Proposal, the limited warranty set forth in this Section 6 begins on the date that risk of loss to the Goods passes to the Buyer and extends for the following periods for the items indicated: (1) Bucks Fabricating containers, three years; (2) Bucks Fabricating Paint Finishes, one year; (3) Bucks Fabricating hook plate and hook, lifetime; (4) Switch-N-Go components, one year; (5) Switch-N-Go products (systems and bodies), one year; (6) AmeriDeck components, one year; (7) AmeriDeck products (systems and decks), one year; (8) Roll-off-parts.com products, one year; and (9) all other Goods, one year.

6.3 Alteration; Abuse. The limited warranty set forth in this Section 6 shall be void with respect to Goods which have been: (1) altered by Buyer or any third party; (2) repaired by other than Deist personnel or a Deist approved contractor; (3) subjected to misuse, abuse, neglect or accident; or (4) damaged by improper installation or application.

6.4 General Exclusions. The limited warranty set forth in this Section 6 shall not apply to, and no warranty is given with respect to: (1) parts, accessories or components manufactured by others, including, but not limited to, belts, springs and electrical components; and (2) bearings and motors.

6.5 Paint, Powder, and/or other Coatings. The limited warranty set forth in this Section 6 in regards to paint, powder coat, and/or other coatings shall not apply to, and no warranty is given with respect to: (1) product that is stacked inside of other products at the election of the end user, customer, and/or distributor in order to minimize freight, expense or for other reasons; (2) all product that has been stacked, for the purposes of shipping, and has not been unloaded within seven days upon taking delivery (product must be unstacked in order to prevent pooling water that can result in paint/powder damage); (3) product that has been primed only or to be shipped raw with no finish paint, powder, and/or other finish coating; (4) environmental damage resulting from time spent on a dealer's or distributor's lot (this damage can include, but is not limited to: rust, storm damage, exposure to extreme temperatures); (5) paint/powder or any other finish applied or paint/powder preparation done by the Buyer, distributor, or other third party; (6) deterioration of paint/powder and appearance associated with normal wear and use; (7) rock chips and road debris; (8) paint/powder deterioration caused by chemical reactions including, but not limited to, acid rain, industrial fallout, harsh road salt, and/or chemicals; (9) understructure and/or inside of bodies - due to the versatile nature of Deist products being on an uncontrolled ground surface for much of their use.

6.6 Exclusive Warranty. THE WARRANTY SET FORTH IN SECTION 7, BELOW, WITH RESPECT TO PATENT INFRINGEMENT, AND THE LIMITED WARRANTY SET FORTH IN THIS SECTION 6 ARE THE EXCLUSIVE WARRANTIES GIVEN BY DEIST WITH RESPECT TO THE GOODS AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, BOTH OF WHICH ARE HEREBY EXPRESSLY DISCLAIMED.

6.7 Limitation of Remedies for Breach of Warranty. In the event of a breach of the limited warranty set forth in this Section 6, Buyer's sole remedy, and Deist's sole obligation, is limited to the repair or replacement of the Goods by Deist, at Deist's option. Such limitation shall apply regardless of whether the claim is characterized as arising out of breach of warranty, contract, tort (including, without limitation, fraud, fraudulent misrepresentation, negligence and/or negligent misrepresentation), strict liability, statutory liability, indemnity or otherwise. The expense of freight to and from the repair site shall be the sole responsibility of Buyer. If the repair site is other than a Deist factory or a location designated by Deist, reasonable out of pocket expenses, including, but not limited to, travel and lodging for Deist's service personnel shall be the sole responsibility of the Buyer. Buyer shall be solely responsible for any costs associated with making the Goods accessible or otherwise available to Deist for the performance of repair work on, or the replacement of, the Goods. Unless otherwise agreed in writing by

Buyer and Deist, Deist shall not be responsible for any back charges of any nature whatsoever.

6.8 Assignment of Third Party Warranties. If the Goods contain components which are manufactured by third parties (such as, but not limited to, power units and winches), and which carry a warranty from the manufacturer, Deist shall assign such warranties to Buyer, to the extent permitted by the terms of such warranties. Deist makes no representations or warranties with respect to any such warranties, and Buyer shall look solely to the third party manufacturer for the performance of such warranties. Nothing in this Section 6.7 shall be construed as imposing any warranty obligations upon Deist which are different than, or greater in scope than, those assumed by Deist in Sections 6.1 through 6.6, above, and Section 7, below.

7. Patent Infringement.

7.1 Warranty. Deist warrants that the Goods, and any part of the Goods which are manufactured to Deist's design, shall be delivered free of any rightful claim of infringement of any United States patent.

7.2 Obligation to Defend. Upon prompt written notification by Buyer of any claim of patent infringement, Deist shall defend or settle any claim of patent infringement at Deist's sole cost and expense. Buyer shall provide any information and assistance requested by Deist in providing such defense.

7.3 Remedies. Deist shall pay all damages and costs awarded against Buyer incurred as a result of a breach of the warranty contained in this Section 7. In the event that the use of the Goods or parts is enjoined or in the event Deist decides to defend or settle a claim of patent infringement, Deist shall at its sole expense and option, either: (1) procure for Buyer the right to continue using such Goods or parts; (2) replace the Goods or parts so that they are non-infringing; or (3) remove the Goods or parts and refund the purchase price, less reasonable depreciation for any period of use. The remedies set forth in this Section 7.3 shall constitute the sole and exclusive remedies of the Buyer in the event of a breach of the warranties contained in this Section 7.

7.4 Exclusions. The warranty set forth in this Section 7 shall not apply to: (1) any Goods or parts specified by Buyer or manufactured by Buyer's design; (2) any Goods or parts altered or modified by Buyer; or (3) the use of any Goods in conjunction with any other product, not manufactured by Deist. With respect to the Goods described in this Section 7.4, Deist assumes no liability for patent infringement and Buyer shall defend, indemnify and hold Deist harmless from any claims, liability, damages or expenses, including reasonable attorneys' fees, as a result of any patent infringement claims arising therefrom.

8. Limitation of Damages.

8.1 Exclusion of Certain Damages. In no event shall Deist or Deist's employees, officers, directors, representatives,

affiliates and/or agents be liable for consequential, incidental or punitive damages incurred by Buyer or any third party in connection with any matter arising out of or relating to this Contract, or the breach thereof, regardless of whether such damages are characterized as arising out of breach of warranty, tort (including, without limitation, fraud, fraudulent misrepresentation, negligence and/or negligent misrepresentation), contract, strict liability, statutory liability, indemnity or otherwise. Such limitations shall apply regardless of whether Deist has been advised or otherwise made aware of the possibility of such damages arising. For purposes of this Section 8.1, consequential damages include, but are not limited to: (1) Buyer's lost production, sales and/or profits; (2) Buyer's loss of use of the Goods and/or any other equipment; (3) Buyer's cost of capital; or (4) any claims of customers of the Buyer against Buyer or Deist.

8.2 Limitation on Amount. Notwithstanding any other provision of this Contract, the total liability, in the aggregate, of Deist and Deist's employees, officers, directors, representatives, affiliates and agents to Buyer or any third party claiming through or under Buyer for any claims, losses, damages, or costs arising out of or relating to this Contract, or the breach thereof, shall not exceed the total consideration received by Deist from Buyer under this Contract. This Section 8.2 shall apply regardless of whether the claim is characterized as arising out of breach of warranty, contract, tort (including, without limitation, fraud, fraudulent misrepresentation, negligence and/or negligent misrepresentation), strict liability, statutory liability, indemnity or otherwise.

9. Termination for Default. Deist may terminate this Contract if Buyer: (1) becomes insolvent; (2) is unable to meet its obligations as they become due or admits such in writing; (3) enters bankruptcy or has a receiver or trustee appointed for it; (4) fails to timely make payments under this Contract or under any other obligation of Buyer to Deist including, but not limited to, any storage charges and expenses due under Section 5.6, above; (5) fails to provide Deist with adequate assurance of due performance within fifteen (15) days of Buyer's receipt of Deist's written demand therefor; or (6) delays delivery or shipment of the Goods for a period of more than ninety (90) days, or otherwise fails to take delivery of the Goods within ninety (90) days from the original due date for delivery. Any such termination shall be effectuated by Deist giving the Buyer a written declaration of default and notice of termination. Upon such declaration of default and notice of termination, Deist shall have all remedies available to Deist under this Contract and at law, including, without limitation: (1) the right to recover from Buyer Deist's expenses, as provided in Section 11.10, below; (2) the right to recover from Buyer the purchase price of the Goods; (3) the right to re-sell the Goods to a third party for which Deist's declaration of default and notice of termination shall be considered sufficient notice of Deist's intent to re-sell the Goods to a third party) and to recover the difference between such sales price and the purchase price under this Contract from the Buyer; (4) the right to recover storage charges and expenses due under Section 5.6, above; and (5) the right to recover interest from the Buyer, as provided in Section 4.1, above. If Buyer has made a deposit on the Goods and/or has made progress payments on the Goods, upon a declaration of default by Deist, Deist shall be entitled to retain any such deposit and/or progress payments and apply such amounts against any damages incurred by Deist as a result of Buyer's default. All remedies

shall be cumulative and the exercise of any particular remedy shall not be considered either an election of remedies or an exhaustion of such remedy.

10. Credit Verification. Deist reserves the right to perform a review of Buyer's creditworthiness following acceptance of Deist's Proposal by Buyer. Notwithstanding any other provision of this Contract, Deist shall not be obligated to perform the Contract if Buyer's creditworthiness is unsatisfactory to Deist, in Deist's sole discretion. In such case, Deist shall not be obliged to proceed with the performance of this Contract, and Deist may cancel this Contract at any time without any liability to Buyer, unless and until the Buyer shall have agreed to such terms of payment and such security therefor as is satisfactory to Deist, in Deist's sole discretion.

11. Other Provisions.

11.1 Arbitration. Any dispute, controversy, claim or other matter arising out of or relating to the negotiation, execution, delivery or performance of this Contract, or the breach thereof, shall be settled by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association, and judgment upon the award may be entered in any court having jurisdiction thereof. The agreement of the parties to arbitrate any such dispute, controversy, claim or other matter shall apply regardless of whether the dispute, controversy, claim or other matter is characterized as arising in contract, tort (including, without limitation, fraud, fraudulent misrepresentation, negligence, and/or negligent misrepresentation), strict liability, statutory liability, indemnity, contribution or otherwise. Any such arbitration proceedings shall be held in Mercer, Pennsylvania, and shall be conducted in the English language.

11.2 Limitation of Actions by Buyer. Any actions against Deist with respect to any matter arising out of or relating to this Contract must be brought by Buyer, or anyone claiming through or under Buyer, within the earlier of: (1) one (1) year from the date that the claim in question accrued; or (2) the expiration of any applicable statute of limitations.

11.3 Governing Law. This Contract shall be construed and enforced in accordance with the laws of the Commonwealth of Pennsylvania, without reference to any applicable principles of conflicts of law which would direct the application of the laws of another jurisdiction. Any dispute, controversy, claim or other matter arising out of or relating to the negotiation, execution, delivery or performance of this Contract, or the breach thereof, regardless of whether such dispute, controversy, claim or other matter is characterized as arising in contract, tort (including, without limitation, fraud, fraudulent misrepresentation, negligence and/or negligent misrepresentation), strict liability, statutory liability, indemnity, contribution or otherwise, shall be governed by, and determined and resolved in accordance with, the laws of the Commonwealth of Pennsylvania, without reference to any applicable principles of conflicts of law which would direct the application of the laws of another jurisdiction. The United Nations Convention on the International Sale of Goods, the 1974 Convention on the Limitation

Period in the International Sale of Goods and the Protocol amending the 1974 Convention shall not apply to this Contract.

11.4 Waiver. The waiver of any right or default in any one instance shall not be deemed a waiver of any future right to enforce this Contract.

11.5 Assignment. This Contract may not be assigned by Buyer without the written consent of Deist.

11.6 Severability. If any provision of this Contract is held to be invalid or unenforceable for any reason, the remaining provisions shall remain in full force and effect.

11.7 Safety Devices, Risks and Damages. Buyer assumes all responsibility for the safe operation of the Goods. Buyer shall provide all signage, warning labels, safety devices, guarding, shielding and other measures as may be necessary and/or appropriate, or which are required by federal, state, or local laws and regulations, for the safe operation of the Goods. Buyer shall defend, indemnify and hold Deist harmless with respect to any property damage and/or personal injury, including death, which is caused by reason of the failure on the part of Buyer, and/or any employee, representative, operator or agent of Buyer, to comply with this Section 11.7.

11.8 Buyer Disclosures. Unless otherwise agreed to in writing by Deist, any information or ideas transmitted by Buyer to Deist in connection with this Contract shall not be regarded as a trade secret of, or submitted in confidence by, the Buyer.

11.9 No License or Sale of Intellectual Property. The sale of the Goods does not grant to, convey to or confer upon Buyer a license or any other rights, express or implied, under any patent, copyright or other intellectual property right of Deist encompassed within, covering or relating to the Goods.

11.10 Recovery of Expenses. Deist shall be entitled to recover from Buyer all costs and expenses (including, but not limited to, reasonable attorney's fees) which are incurred by Deist in enforcing its rights under this Contract, including, but not limited to, the recovery of any amounts owed by Buyer to Deist under this Contract.

11.11 No Third Party Beneficiaries. There are no third party beneficiaries with respect to this Contract between the Buyer and Deist, including (but not limited to) any customers of the Buyer or any affiliates of the Buyer.

11.12 No Nuclear Use. The Goods which are the subject of this Contract shall not be used by Buyer or any third party in any nuclear installation or for the processing, handling, movement and/or storage of nuclear material. If any such use occurs, Deist disclaims all liability for any damages, injury or contamination relating to or arising out of such use. Buyer shall defend, indemnify and hold Deist harmless from any such liability, regardless of whether the claim is characterized as arising out of breach of warranty, contract, tort

(including, without limitation, fraud, fraudulent misrepresentation, negligence and/or negligent misrepresentation), strict liability, statutory liability, indemnity or otherwise.
