Proposed - Solar Array Front yard Setback

Andres Peterson, Monolith Solar and David Allen home owner were present for this meeting.

Mr. Peterson spoke about the proposed distance and the current location of the solar array and that they are here looking for relief from the code for the current placement of the ground mount solar.

After a discussion with Chairman Calarco and the board over the current location of the ground mount solar array and where it should have been, the applicant asked if this public

hearing be extended to the next meeting so they can review their options in moving the array to alleviate the variance site request to a lesser amount.

All agreed to postpone to the next meeting on June 11, 2018.

**ADJOURN**

Calarco moved, Brewer seconded that the meeting be adjourned. There being no objections, Chairman Calarco adjourned the meeting at 7:30 p.m.

Respectfully submitted,  
Nadine Fuda  
Director of Planning & Zoning
